SUPPLEMENTAL RESPONSE UNDER 37 CFR 1.111

Sir:

This paper supplements the response filed electronically on November 30, 2006 to the Office Action mailed June 30, 2006. An Office communication was mailed on December 4, 2006, and included an Interview Summary form (PTOL -413) that indicated that the November 30, 2006 response must include the substance of a telephonic interview that took place between the Examiner and the undersigned on November 29, 2006. In the form, the Examiner indicated that such substance must be provided within the longer of one month or thirty days from the December 4, 2006 mailing date of the communication. The present supplemental response is being filed within such time period.

The present response is identical to the one filed on November 30, 2006 except for the present addition of the substance of the November 29, 2006 interview that is listed on page 11 after the "Conclusion" section below. Reconsideration of the Office Action mailed on June 30, 2006 and the Examiner's position taken in the November 29, 2006 telephonic interview is respectfully requested in light of the amendments and remarks below.

Amendments to the Claims begin on page 2 of this paper.

Remarks begin on page 5 of this paper.
